

THE WELCOME INITIATIVE

Have Questions During Construction? **We've Got Answers!**

Parking

Due to the temporary loss of many parking spaces during construction, we encourage active FBC members and attenders to please use the overflow parking (far west Catholic lot) and ride the shuttle to the front door of the Life Center lobby. Additional handicap parking will be designated in front of the Life Center.

Entrance

The main entrance will be the Life Center Lobby. However, if you will be checking kids into KidsMin, going straight to Bible Study, or grabbing coffee before heading to worship – the Office Entrance will be available for you to use.

Coffee Shop

The coffee shop will temporarily be closed. Regular coffee will be available in the Fellowship Hall.

Gathering Place

Due to the smaller lobby area, we are asking those who would like to hang out before/after services to visit in the Fellowship Hall to keep the Life Center Lobby clear for traffic flow.

Kids Check-In

Regular attenders and guests will check their kids in through the KidsMin Lobby. From worship in the gym, go through the Fellowship Hall to get there. Those coming straight from the parking lot should use the Office Entrance and go downstairs through the Fellowship Hall to get there, since the foyer stairs will be under construction.

Sunday Bible Study Classes

From the parking lot - please use Office Entrance door to reach the main level for Sunday morning Bible study classes. If you're coming from the worship service in the gym - please use the stairs/elevator located in the gym to reach the track level. From the track level - you will be able to access the main floor where classes are located.

Relocation of Classes

Most classes will remain in their current places. However, the following classes will be relocated during construction:

- Disciplemakers (Brad Dolloff) class - will meet in the Well
- Dorcas (Marcia Moore) class - will meet in Joey Staples' office
- Youth at 9:30 will be in the Loft

Elevators

Elevators are located in the gym and the Kids Check-in lobby. (Due to congestion of families checking kids into KidsMin - if you need an elevator, please use the one located in the gym if at all possible.)

Overflow

The upper track will be available for overflow (standing room) participation of worship services.

Greeters

Greeters will be easily identifiable by a serve team lanyard and/or FBC t-shirt if you have a question.

Volunteers

If you're interested in joining the Sunday morning Serve Team, please go to fbcbranson.com and click "Events" to volunteer with the Welcome Initiative Serve Team.

Main FBC Office

The main FBC office will temporarily be located in the old coffee shop.
